PROFESSIONAL SUMMARY

Holder of a Bachelor's degree in Computer Science with high distinction from ISAMM, I am currently in my third year of engineering studies at ESPRIT. I am seeking an end-of-studies internship (PFE) to apply my skills and deepen my knowledge in a dynamic and professional environment.

EDUCATION

ESPRIT University, Ariana, Tunis

Engineering Cycle in Computer Science

- Engaged in practical projects focusing on real-world applications and innovative solutions.

ISAMM University, Manouba, Tunis

Bachelor's in computer science

- Developed a strong foundation in computer science principles and programming.

Lycée Ennasr, Tunis

High School Diploma (Experimental Sciences)

WORK EXPERIENCE

Engineering internship - Sfyf Development

June 2025 – August 2025

- Contributed to the development of a full-stack e-commerce project using Angular, NestJS, and Supabase, including the implementation of functional tests.

Company immersion internship - ISS4U

July 2024 - August 2024

- Developed a web application for order and delivery management using Angular 19
- Designed responsive interfaces compatible with all screen sizes

Final year project internship - True Delta

January 2023 - June 2023

- Full-stack application development (Angular, Spring Boot) including a dashboard for task management, a notification service, event management, and real-time messaging

Summer internship – Medianet

August 2022

- Developed a web-based project management system using Laravel (PHP), including full CRUD functionality

ACADEMIC PROJECTS

REDESIGN OF ASSURANCES MAGHREBIA WEBSITE – “Assurances Maghreb”

- Full-stack development (**Spring Boot, Angular**), microservices architecture with **containerization** (Docker), including a **Machine Learning** feature for matching job offers with CVs

INTEGRATED WEB/DESKTOP DEV PROJECT – “Sportify”

- Design and development of a gym management application with a desktop version (**Java/JavaFX**) and a web version (**Symfony**)

MOBILE APP – GYM MANAGEMENT (*FlutterFlow, Firebase*)

- Developed a mobile application with a real-time Firebase database, implementing the user management module with authentication, storage, and Google Sign-In.

TECHNICAL SKILLS

- **Frontend** : HTML, CSS, JavaScript, TypeScript, Angular
- **Backend** : Java (Spring Boot), ASP.Net MVC, PHP (Symfony, Laravel), Python (Flask), NestJS
- **Databases**: SQL/PLSQL, NoSQL (HBase, MongoDB), PostgreSQL (Supabase)
- **DevOps et CI/CD**: Docker, Jenkins, CI/CD pipelines, Git/Github

CERTIFICATIONS

Scrum Foundation Professional Certification (**CertiProf**)

LANGUAGES

- Arabic: native
- English: fluent
- French: fluent
- Turkish: Basic proficiency

EXTRACURRICULAR ACTIVITIES

Enactus ISAMM, Project Department

PROJECT MANAGER

- Active member and Member of the Year 2020–2021
- Led the project team, and managed social innovation initiatives
